- Northwest High School
- Administration Building
- Justin Elementary Replacement
- Prairie View Elementary Replacement
- Early Childhood Centers
- Middle School #8
- Elementary School #24
- Comprehensive High School #4

First Group of Projects from 2023 Bond

Northwest ISD New Early Childhood Centers Progress Review

Huckabee
MORE THAN ARCHITECTS

Northwest ISD's ECC Journey

- Project Kick-off:
 - Defining the journey
 - Identifying the possibilities
 - Discovering the opportunities
- Tours
 - Dr. Sarah K. Jandruko Academy – Mansfield ISD
 - The “OC” ECC – Forney ISD
- Empathy Diagramming
 - Characteristics and Connections
- Precedent Images
 - Design Considerations
- Program of Spaces Design Program
 - ECC/Daycare Centers Programs Spaces
 - Allocation of Size and Placement
- Defining Experiences
- Conceptual Design
 - Building Layout Considerations
 - Program and Spaces Adjacencies
- Internal Charrette
 - Verification and approval of conceptual design

Establishing Educational Environment Purpose & Objectives

What do you want Stakeholders to:

- See
- Say
- Hear
- Feel
- Think

PURPOSE + OBJECTIVES

The campus is a place for students to develop into life-long learners through exploration, play, and learning in an environment that is child-centered, colorful, and safe. It is literacy rich, fosters curiosity, cultivates excitement, and is welcoming to all learners.

The design will encourage learners to use their imagination, invoke wonderment and motivate teaching and learning.

The building will provide space for collaboration and accessibility for our youngest learners in a colorful, inclusive, and purposeful environment.

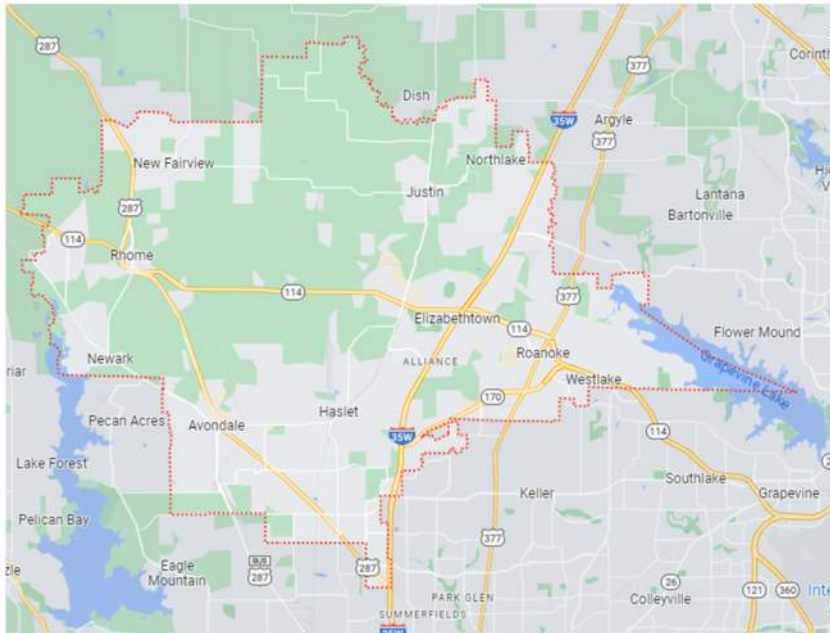

The building will provide a secure environment that creates a safe space for learning.

The campus will challenge and innovate through the intentional utilization of every space that will align with personalized learning goals.

IMAGE SCAVENGER HUNT - Homework

What images do *you* feel best reflect Northwest ISD?

Northwest Independent School District (Northwest ISD) is a rapidly growing [North Texas](#) public [school district](#) with its headquarters in the city of [Fort Worth, Texas \(USA\)](#).^[1] with a [Justin](#) postal address.^[2] The school district is named for its location in the northwestern area of the [Dallas Fort Worth Metroplex](#). The school district lies in three [North Texas](#) counties: [Denton County](#), [Tarrant County](#) and [Wise County](#). The district serves the cities of [Justin](#), [Roanoke](#), [Trophy Club](#), [Northlake](#), [Marshall Creek](#), [Corral City](#), and small portions of [Flower Mound](#) and [Southlake](#) in Denton County. The Wise County towns of [Aurora](#), [Rhome](#), [Pecan Acres](#), [Newark](#), and portions of [New Fairview](#) also lie within the district. The Tarrant County portion of the district includes [Haslet](#), Avondale, parts of [Westlake](#), [Keller](#), and [Fort Worth](#). In all, the district is approximately 234 square miles.^[3]

As of September 2021, Northwest ISD educates over 27,000 students in its thirty educational campuses.^[when?] Northwest ISD is expected to have up to 35,000 students by the early 2020s and is the first fastest-growing school district in North Texas.^[3] There are 108 active housing communities within the attendance boundaries of Northwest ISD.^[3]

Planes

Trains

Big Trucks

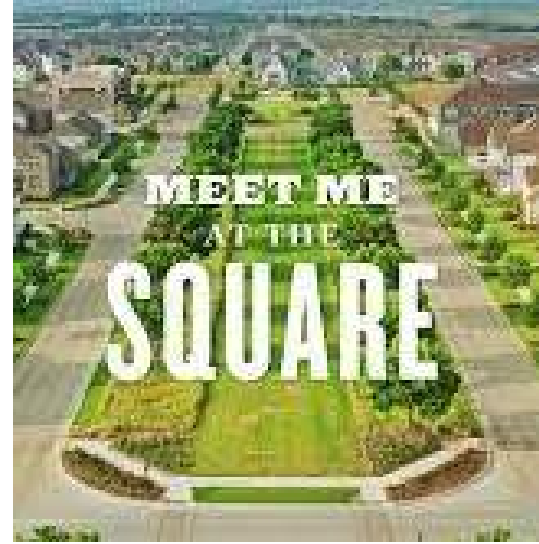

Lots of Construction

+ Really Faster Cars

We were once all farmland and now we are growing.

Great support for teachers and students

Students Come First; new designs of our learning environments on our newer campuses prove it.

DESIGN CONSIDERATIONS

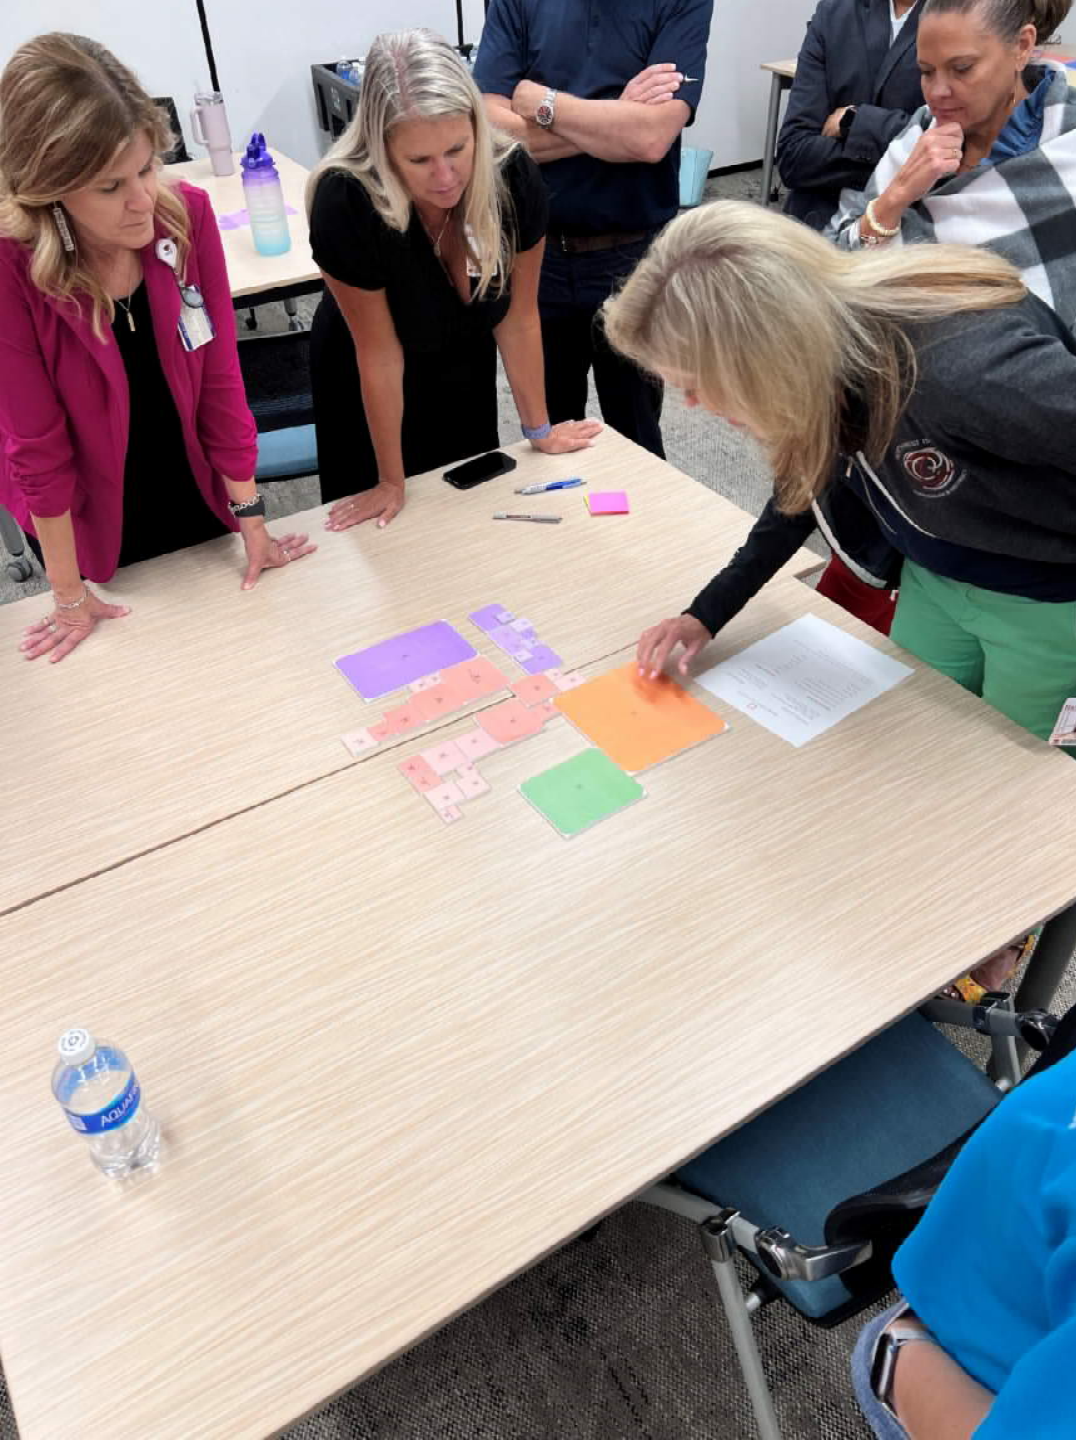

Precedent Images Visioning Experience

- Common Areas
- Specific Program Areas
- Signage & Wayfinding
- Other
- Exercise:
 - Identify what you LIKE
 - Share what you DON'T like
 - Other Considerations

Area Adjacencies Visioning Experience

- Neighborhoods
- Experiences
- Administration
- Daycare
- Activity Center
- Community Learning

**Programmatic Blocks
Identifying Area Adjacencies**

ECC Space Experiences

- Meeting with Curriculum & Instruction Team
- Exploration of ideas and themes
- Identified 10 Experiences
- Other themed areas:
 - Learning Commons
 - Main Entry
 - Flow into Neighborhoods
 - Neighborhood
 - Activity Areas

CONCEPTUAL DESIGN

Site and Building Concepts

Program and Spaces Adjacencies

Site and Building Concepts

- Overall Site and Building Layout
- 3 Conceptual Options
- Future Development
